

BACHELORS' CLUB

Large and Enthusiastic Audience Greets Them With Vigorous Applause.

SUCCESSFUL ENTERTAINMENT. PROVED TO BE DRAWING CARD.

"The Bachelors' Club" entertainment came off as advertised Friday night and was voted a howling success by a large and intelligent audience.

The first act in the play was a surprise to everyone but the members of the company. It was a burlesque on the "Sunshine Flinch Club" of this city, which was recently organized under adverse circumstances. Five of the gentlemen in the play arraigned themselves in the strange, unwieldy habiliments of the fair sex and impersonated them in the organization of the "Moonshine Flinch Club." Mr. H. D. Coward, the hostess, was elegantly clad in a head of hair fearfully and wonderfully made and a dress skirt that was four inches too short for him, but he did the honors of the evening in the latest approved style. F. D. Rash, Henry Browning, Dr. Sisk and J. E. Fawcett made beautiful women and handled their skirts in a very effective and ladylike manner. The game of flinch, played with large, home made cards, was a decided hit and brought down the house, as did the brick cream, consisting of four whole bricks, that the charming hostess so gracefully served. After the flinch game was over, Miss Ward, of Seattle, Wash., gave an appropriate recitation, which was well received.

To those who are familiar with J. H. Barrie's Scotch dialect stories the announcement that on the 27th "The Professor's Love Story" is to be presented at Morton's Theatre, Madisonville, with Harry Beresford in the titular role comes as a happy augury for no one who has read the author's dialect creations wants to miss this intellectual treat. "The Professor's Love Story" is a comedy. It tells of Professor Goodwillie's infatuation for his private secretary, a demure and attractive maiden. It also tells of how the germ of love through its devious ways cures this heart-disease, the love kind not the other, and it gives to Mr. Beresford the chance to show his ability as a real, genuine actor and whose work has been classed as ranking with that of William H. Crane and Nat C. Goodwin. The "Love Story" will be staged beautifully presenting a charming series of pictures set in Bonnie Scotland's brilliant hue. Every picture on the stage will be an exact reproduction of the locale of the story.

OFFICIAL RETURNS.

Complete Figures Given in the Race for Governor.

Frankfort, Ky., Nov. 20.—The official returns are all in in the race for Governor. The full returns are as follows: There were 439,223 votes cast all over the State; Beckham, 229,014; Belknap, 202,704; Demaree, Prohibitionist, 4,800; Nagle, Socialist, 2,039; Schmutz, Socialist Labor, 608. A scattering vote in Wayne and Henderson is as follows: Wayne, Thomas Morrow, 1; Henderson county, John Baerlorie, 1.

Mayor Holtzman issued orders that gambling at Indianapolis must be stopped.

An advance in the price of anthracite coal is looked for in New York December 1.

MISS SALLIE R. BROWN.

Our County School Superintendent, Completed.

Miss Sallie R. Brown, the strong, efficient Superintendent of the Hopkins county schools, has one of the most efficient corps of teachers in Kentucky. In the main, they are well educated, and devoted to their work. Miss Brown is maintaining the high standard of competence and work which has distinguished that county so long. She has one of the best managed offices of its class in the state. She is a natural leader, having gathered about her a large following of strong men and women who ably assist her in directing school matters.—Southern School Journal.

Popular Hotel Man

Leaves Dawson Springs.

Ben G. Smith, who has been steward at the Arcadia Hotel for some time and who is very popular with the public, has resigned his position and will embark in the drug business with his brother at Hodgenville. He and his estimable wife left for their new home Tuesday morning. We are sorry to lose them from our midst, but wish them the utmost success in their new field of labor.—Dawson Oracle.

Next Reunion at Nashville.

Louisville, Nov. 18.—Nashville was selected unanimously as the meeting place for the next annual reunion of the United Confederate Veterans at a session of the executive committee of the association this morning at the Louisville Hotel.

To those who are familiar with J. H. Barrie's Scotch dialect stories the announcement that on the 27th "The Professor's Love Story" is to be presented at Morton's Theatre, Madisonville, with Harry Beresford in the titular role comes as a happy augury for no one who has read the author's dialect creations wants to miss this intellectual treat. "The Professor's Love Story" is a comedy. It tells of Professor Goodwillie's infatuation for his private secretary, a demure and attractive maiden. It also tells of how the germ of love through its devious ways cures this heart-disease, the love kind not the other, and it gives to Mr. Beresford the chance to show his ability as a real, genuine actor and whose work has been classed as ranking with that of William H. Crane and Nat C. Goodwin. The "Love Story" will be staged beautifully presenting a charming series of pictures set in Bonnie Scotland's brilliant hue. Every picture on the stage will be an exact reproduction of the locale of the story.

Brooks-Davis.

Mr. E. S. Brooks and Miss Pauline Davis left for Nashville, Tenn., on 53 Friday morning where they were quietly married and returned to Earlington Saturday night. Mr. Brooks is a dispatcher in the L. & N., office at this place and is a rising young railroad man. Miss Davis is the daughter of Dr. and Mrs. Pete Davis, of this city, and one of the most beautiful girls in Earlington. The friends of both parties wish them a long and prosperous life.

Starer-Egloff.

Miss Mary Egloff, of Earlington, and Mr. Robert Starer, of Evansville, were married Sunday morning at the Catholic church at 9 o'clock. Mr. Starer is 24 years of age and is an employe of a carriage factory at Evansville. Miss Mary Egloff is 20 years of age. They left Sunday on 26 for Evansville, where they will make their future home.

OLD MASONIC TEMPLE BURNS.

Historic Building Totally Destroyed by Fire—Records Saved.

DISCOVERED BY ZENO YOUNG.

Louisville, Ky., Nov. 20.—The old Masonic Temple, for fifty-one years one of the principal business blocks of Louisville, and the home of the Hopkins Vaudeville Theater, was almost totally destroyed by fire, which at that time had gained such headway that the firemen had no hope of saving the structure. The loss is estimated at a quarter of a million dollars.

With the passing of what has for years and years been familiarly known as the "Temple," one of the most historic buildings in the city is lost. It will probably be immediately replaced by a modern structure.

The flames were first discovered by Zeno Young, a linotype machine operator, who had been at work on a morning paper and who was starting home.

The fire was under control at 5 o'clock. Traffic on this corner, which is the busiest in Louisville, was blocked for several hours, and pedestrians will not be allowed to walk near the burned district on account of the probability of falling walls.

The records of the Masonic Grand Lodge had lately been moved into its new home.

The building cost the present owners \$275,000 and they have spent about \$50,000 in repairs. It was insured for only \$60,000. The estimated total loss on building and stocks is \$236,500. Origin of fire is unknown.

FIREMEN

Loot Burning Buildings During Masonic Temple Fire.

SENSATIONS IN OFFICIAL CIRCLES AT LOUISVILLE.

Louisville, Ky., Nov. 20.—A sensation was created here tonight when an investigation confirmed a rumor that the firemen who were engaged this morning in saving the Masonic Temple and other buildings which caught from it, had robbed the burning buildings while at work.

The rumors of their pillaging had become so persistent that Mayor Granger ordered an investigation, and a committee from the Board of Public Safety made a round of all the engine and hook and ladder houses, with the result that five firemen were found with stolen property in their possession. This stolen property included opera glasses, jewelry and other small articles of value.

A still larger number, it is believed, will be implicated in the larceny. Prosecutions will follow.

SIX FIREMEN DISMISSED.

Refused to Tell What They Knew About the Looting.

Louisville, Ky., Nov. 24.—Chief Tyson, of the Fire Department, today dismissed six firemen for refusing to testify at the hearing of the men charged with looting during the progress of the old Masonic Temple fire. The five men directly charged with looting will be tried tomorrow by the Board of Safety.

BURGARS CAPTURED.

Marshall at Nortonville Arrest Two Suspicious Characters at that Place Monday Who Seem to be Burglars.

A store was broken into at Nortonville Sunday night and cash drawer robbed. Among the contents of the cash drawer was a luck piece. On Monday morning two strange men sent a boy to Nortonville to purchase food for them, giving him a piece of money. The boy went to the store that had been robbed, the owner recognizing the luck piece that had been stolen from his cash drawer and notified the city marshal, who, in company with a deputy, went with the boy to the place of concealment and arrested the two men. They had on them when arrested over one hundred skeleton keys, a sack of small coins, containing one hundred and fifteen copper cents and a watch that answers the description of the one stolen from Lee Oldham, of this city, last week.

The burglars were taken to Madisonville on 52 Monday morning where they were placed in jail until something further is learned in regard to them. The two men were tough looking characters, dressed in shabby clothes and had all appearances of being professionals.

LOCOMOTIVE BLASTS

John Roach who has been firing on this division has resigned to accept a position elsewhere.

Here is a problem for some of the R. R. boys to work:

Chicago is 288 miles from St. Louis. If a train running 80 miles an hour leaves Chicago for St. Louis at the same hour that a train running 30 miles an hour leaves St. Louis for Chicago, which train will be nearest St. Louis when they meet?

Firemen A. W. Long and Thomas Parnell are moving from Howell to Nashville, having been placed on the South end.

Foreman Burkhardt will soon begin work on tearing down the old round house at Howell.

P. J. Fahey has been appointed traveling engineer on the divisions south of Decatur, Ala., while Dennis E. Kelly will have jurisdiction over the divisions north of Decatur, as well as supervision over the entire system.

Gus Muhlhause, general manager of the Evansville and Newburg Suburban, generally known as "Dumny," paid Howell shops a visit the other day.

Tuesday November 10, 1903, at 10:10 a. m. died at his home in Mt. Vernon, Ill., Mr. Gus Torrell, the oldest passenger engineer on the St. Louis Division. He had been sick for some time with a complication of kidney and stomach troubles, etc. He was buried at 2:30 p. m. the next day, the pall bearers being engineers W. C. Vawter, Chas. Satter, C. D. Suras, J. M. Covert, I. T. Carr and Joe Fromme.

Supervisor of Bridges and Buildings A. B. McVay went to Chicago and St. Louis recently on a little vacation.

Dan T. Ruddy is again a fireman on the Henderson Division after a few months' rest.

Fireman C. J. Martin is figuring on taking a vacation for a month after Thanksgiving in Louisville.

Louis Schultz made a poor out at firing on the St. Louis Division because he said his wife had rather he wouldn't. He resigned after trying it two days. His

NEW SHORT CUT.

Rumor That L. & N. Line From Nashville to St. Louis Will Be

SHORTENED BY SEVENTY-FIVE MILES.

Clarksville, Tenn., Nov. 20.—An interesting railroad rumor has just been received here to the effect that the Louisville & Nashville railroad is planning more direct connections between Nashville, Tenn., and St. Louis, Mo. In order to effect this plan, the idea is said to be to construct a new line from Hygeia Springs, Tenn., located half way between Nashville and Guthrie, Ky., on the Henderson division of the L. & N. to Clarksville, here to connect with the Princeton, Ky., branch of the L. & N., and from Princeton to build on to Shawneetown, Ky., a comparatively short distance, from which place there is already a line into St. Louis. This would, it is said, shorten the line from Nashville to St. Louis at least 75 miles, and do away with the contemplated necessity of double tracking the Henderson Division in order to handle the increasing traffic of the road.

weather.

J. J. Dipple, machinist helper in the Howell round-house, has been obliged to lose considerable time during the past month owing to the illness of his daughter, who died last Wednesday.

The old turn table removed at Howell will be shipped to Brownsville, Tenn., on the Memphis Line.

The General Manager Mr. G. E. Evans, passed over this division last week on his way to St. Louis.

The Kentucky Railroad Commission began session at Louisville Saturday to consider rates as affected by the long and short haul clause.

THE TURKEY'S SOLILOQUY.

BLUE G. HARD.

E'er since I pipped the shell last May I've looked forward to this day With fear and dread. Full well I knew when I rolled round My red blood would stain the ground And I'd be dead.

I scarcely 'scaped in life's early walks Foxes, weasels, minks and hawks And other dangers, To lay my head upon the block And on Thanksgiving day at 12 o'clock Be devoured by strangers.

Must we strut and gobble and scratch A listing. And then on that awful day, Thanksgiving. Be cut down. Our lives taken with ruthless hand To fill the stoves in this proud land And be baked brown?

Why is it chickens, ducks and geese On their lives hold a long lease While we are killed. That hordes who celebrate the day, The old, the young, the sad, the gay, May all be filled?

This weighty question has ne'er been solved, Until it is "be it resolved" That from this day Turkeys are warned to leave their home And in the woods and fields to roam Thanksgiving day.

DIXON HAS FIRE.

Postoffice Contents and Four Buildings, Loss \$3,500.

Dixon, Ky., Nov. 24.—Fire broke out about 3 o'clock this afternoon in a small grocery and destroyed four buildings belonging to John G. Jenkins, one of which was occupied by the post-office, and also Drury & Parker's store and entire stock of groceries. The total loss is about \$3,500, with \$1,000 insurance. The origin of the fire is unknown.

Women's Rights in Kentucky.

Lexington, Ky., Nov. 24.—The Equal Rights Association of Kentucky today filed articles of incorporation in the office of the county clerk, the incorporators being Laura Clay, Nancy S. McLanghan, Emma M. Roebuck, Isabelle Sheppard, Mary E. Gilmer and Elizabeth Alwyood. The object of the association is to advance the industrial, educational and legal rights of women.

PORTER INSTALLMENT COMPANY

126 S. MAIN STREET, MADISONVILLE, KY.

FRENCH LICK AND WEST BADEN SPRINGS.

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs!"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet; while at the splendid casino one can have all the entertainment and social pleasures possible at the most fashionable resorts.

ON THE MONON ROUTE

For booklets telling all about the waters, Hotel Rates and full information, write

E. H. BACON, District Passenger Agent, Louisville, Ky.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Potosi, Mo., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of the kind I know of. The children like to take it and it has no injurious after effect."

For sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Morton's Gap; John K. Taylor, Earlington.

Storm coats, gum coats and mackintoshes at W. C. McLeod's.

Misses Lizzie Hanner and Dona Worthington, of Madisonville, visited friends here last week.

J. W. Iglehart has gone into the meat business and wishes to notify his friends that he will keep on hand at all times a supply of the best meat the market affords.

Albert Keown and Dan Hyrum went to Slaughter's Wednesday on a hunting trip.

Youths, men, boys and children's overcoats at J. M. Victory's.

Henry Drexler, who has been in the meat business for sometime, has returned to Hopkinsville on account of being forced to give up the house he was occupying. He expects to return to Earlington however as soon as arrangements can be made for a house and will establish another meat shop here. He desires to thank his friends and customers for their hearty support and patronage while in business here and assures them it was appreciated.

Cold weather will soon be here. Better have that stove repaired. John Twyman can fix it for you.

Chester Brownlow, who was injured in a corn shredder last week is improving nicely.

Oysters, celery, cranberries and other good things at W. C. McLeod's.

A beautiful and realistic stage picture in the dancing specialty, "In the Evening by the Moonlight," performed by the dancing corps of the A. G. Field Greater Minstrels. The lighting of the waters, the moonlight on the lake, the lights and shadows as the moon shines through the trees, all give a magnificent setting to the work of the nimble dancers. They all form a picture pleasing to the ear and eye.

Dulin & McLeod, of Madisonville, while in New York, bought 100 boy's suits and 50 boy's overcoats under price and are selling them the same way.

Mr. J. R. Dean has just returned from a visit to Princeton, Ky., where he went to visit his daughter, Mrs. Lee. Unfortunately Mr. and Mrs. Lee had gone on a visit to Nashville, not knowing that Mr. Dean intended to visit them. He found several Earlingtonians there, however, and had a pleasant visit. On Sunday afternoon while looking over the city Mr. Dean unexpectedly came upon a pen containing 1850 geese awaiting shipment to different cities for Thanksgiving marketing. Mr. Dean did not count the geese but the man in charge said there were 1850 and they were expecting more by Monday.

Latest style wraps, furs, walking skirts, ladies' dress skirts and underskirts at J. M. Victory's.

Who does not recall the old war songs of 1861-62? "Just Before the Battle, Mother," "Tenting on the Old Camp Ground," "Tramp, Tramp, Tramp," "Say, Darling, How You Seem My Mass," and a host of others that are only a memory to many of the younger theatre goers, but which are recalled by their elders with a feeling akin to enthusiasm. They are all reproduced in A. G. Field's spectacular "Minstrel's Tribute to the Twentieth Century." One of the attractions presented this season by this superb company. At Morton's Theatre, Wednesday, December 2.

J. M. Victory has the best line of gents' furnishings in the city, including neckwear, suspenders, laundered shirts, negligee and dress shirts, overalls, Cardigan jackets, sweaters, duck coats, lined night shirts and linen collars and cuffs. Call and see them.

For sick headache try Chamberlain's Stomach and Liver Tablets; they will ward off the attack if taken in time. For sale by St. Bernard Drug Store, Earlington; B. T. Robinson, Morton's Gap; John K. Taylor, Earlington.

Big assortment winter lap robes, horse blankets, saddlery, harness and whips at W. C. McLeod's.

TO ABOLISH THE DISPENSARY.

South Carolinians Rising Against Infamous Tillman State Saloon System.
Organic Revolt at Columbia.

Columbia, S. C., Nov. 11.—The lawlessness of the dispensary traffic and the train of crime and financial devastation which follows in its wake everywhere, is at last arousing widespread revulsion of public sentiment against it. The outlook is encouraging for effective appeal to the people for judgment on the whole state saloon policy which has dominated the politics of this state for a decade.

RISK AGAINST DISPENSARY.

Saluda county, suffering intolerably from a vicious state drapship, it has up power to close, has appealed in vain to the state dispensary board, but its startling arraignment of the system may yet prove an entering wedge for the destruction of the whole iniquitous regime.

Meetings have already been held and others have been called in various parts of the state to discuss the existing conditions of lawlessness and suggest the proper remedies. The conference so far held all agree that lawlessness bordering on anarchy prevails, and that the arm of the law appears to be powerless to punish the lawbreakers. But while directing attention to the results of lawless spirit manifested in the prevalence of crimes of violence, murders, assaults, etc., and the immunity of the perpetrators from punishment, not much has up to this time been said about THE CAUSE which is clearly responsible for three-fourths of these offenses.

A STATE AGITATION.

A meeting was held in Columbia during Fall week, which may be properly regarded as the initial step in the right direction. If judiciously and energetically followed up this will go very far to restore the reign of law and order in the state.

The conference called by a committee of citizens was held Oct. 28 in the hall of the Y. M. C. A. Col. Jas. A. Hoyt, of Greenville, was requested to act as chairman and Mr. Thos. J. La Motte, of Columbia, as secretary. The object of the conference was stated by the chairman to be to formulate some practical measures on non-partisan and non-political lines to improve the present condition of affairs in our state, and to concentrate into some kind of organization all the elements that are willing to work for the destruction of those forces that tend to perpetuate and enlarge the sphere of intemperance and the reign of crime in South Carolina. Law is a mockery and order is being turned into chaos, under present conditions, and surely the men and women of South Carolina who are worthy of the past and proud of the future stand ready to make needful sacrifices for the betterment of our conditions.

Under a resolution the following committee was appointed to report a suitable name and plan of organization: La Motte, Stanley, Beasley, Hamel and Thompson, which committee subsequently reported as follows:

A NEW LEAGUE.

"Your committee recommend that an organization be formed under the name of 'The South Carolina Temperance Law and Order League.'"

That this conference elect a chairman and a secretary and treasurer, with an executive committee, consisting of one member from each Congressional district, of which the officers shall be members ex-officio, and that organizations be made in each county, the chairman of which shall be ex-officio members of the state executive committee.

"That the county organizations shall consist of a chairman, secretary and treasurer, with such executive committee as may be deemed proper."

Under the foregoing plans of organization the following officers and members of the state executive committee were elected: J. W. Hamel of Kershaw, chairman; Howell Morrell of Horrell, secretary and treasurer. Executive committee: 1st district, Simon Hyde, Charleston; 2d district, George H. Bates, Barnwell; 3d district, E. L. Starkey, Greenwood; 4th district, Thomas J. La Motte, Columbia; 5th district, W. C. Thomson, Lancaster; 6th district, H. H. Newton, Bennettsville; 7th district, Joel E. Brunson, Sumter.

TO FREE DISPENSARY COUNTIES.

Mr. Hamel offered the following resolution, which was adopted: That the executive committee memorialize the Legislature to enact such legislation as may be necessary to give the voters of a municipality the right to vote a dispensary out of the community.

California wine men will have a monster exhibit at St. Louis, 1904. A huge wine vat will be the centerpiece of an exposition sampling room and reception parlor.

"

SIDE DOORS IN CHICAGO

Whole City Being Stirred by Movement Against the Saloon.

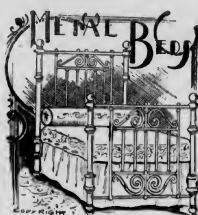

Never in Chicago's history has there been such a wide spread agitation against the liquor traffic as there is today. The latest phase of this agitation, which has assumed important proportions, is aimed at the "side-door" and "family" entrance. Englewood has the law-defying dram-shop keepers on the griddle, the north and west sections are laying siege to their respective levee districts, but the new movement is city wide in scope and may end in a victory at the city hall. It is a direct result of the "gratification" which has starved the politicians during the past thirty days. The anti-side-door movement aims at a point that is defended by no public sentiment and therefore has enlisted many who would not join a more radical campaign against the saloon. The movement was thoroughly organized at Willard Hall November 7, under the name of the Anti-Side-Door League. Mrs. Philip H. Bassett, president, Cook County, W. C. T. U., was chosen president. The Prohibition party, Good Templars, Y. P. C. T. U. and other prominent organizations were represented.

Resolved, That we do most earnestly protest against the loosened inefficient manner in which the existing winemonger ordinance is enforced by the mayor and chief of police of the city of Chicago.

With Al G. Field's Greater Minstrels.

Morton's Theatre, Wednesday, Dec. 2.

ARE YOU
Losing Money?

We have been able to show a good many people that they were actually losing money by failing to investigate our claim that we serve our customers in the best way at the least expense. We are ready and able to prove it to you.

Morton & Hall,
Furniture Dealers,
Madisonville, Kentucky.

A Rap at Newspapers.

In his charge to the grand jury at the opening of the federal court session in Jackson, Miss., says a special to the Atlanta Constitution, Judge Henry C. Niles took a rap at the newspaper which prints an indiscriminate class of advertising and are not overparticular about the character of news matter they publish. Judge Niles stated that if the statute against sending obscene matter through the mails were strictly enforced, many of the leading dailies of the country would be barred from circulation on account of

their advertising and news feature.

Different at Home.

The other evening a Rochelle woman who attends the club's dances tapped her husband lightly with a fan and said: "Love, it is growing late; I think we had better go home." After they reached their residence she shook her fist under his nose and said: "You old scoundrel, you; if you ever again look at that mean, calico-faced, mackerel-eyed thing you saw tonight, I'll bust your head wide open."—Mount Morris (Ill.) Index.

THURSDAY, NOV. 26, 1903.

NEXT WEEK SURE.

AFTER much labor and the expenditure of much time and effort and money, THE BEE'S Special Coal and Railway Edition will be issued next Thursday, December 2nd, beyond the peradventure of a doubt. Our patrons and ourselves have waited patiently for this special number and it will come out next week bearing proof of its growth and improvement through the time that has elapsed since the undertaking was first announced.

Our advertisers get better value now in their space in this special edition than they would have had earlier, and in an enterprise like this the advertiser's interests are of prime consideration. We commend to our readers and patrons—a discriminating public with money to spend—the progressive business houses, wholesale and retail, the manufacturing, financial institutions, professional men and others whose business announcements will be presented in artistic display in the coming edition. These business men entertain the right appreciation for the character and purchasing strength of THE BEE'S readers and desire the business reward they are sure to get through these advertisements.

PROTECTION FOR SPORTSMEN.

THE Kentucky New Era says the Kentuckians will father a bill at the next session of the legislature "to make practicable, the enforcement of the laws against slaughtering birds in closed season by providing a game warden who will make it his business to convict violators of the game laws." The New Era adds: "Mr. Geo. C. Long, of this city, is the Kentucky game warden for the League of American Sportsmen, but his authority is, of course, limited."

The natural tendency of the young American savage to go prepared and to shoot whenever anything flies in his face can only be curbed by laws and penalties. Such convictions by game wardens will make it hard on the untrained bird dogs of Kentucky, but this has seemed the only remedy against the extermination of game in America and all states are adopting such laws. Incidentally, too, the enforcement of game laws contributes to the protection of our farmers as well as our sportsmen.

SINCE Mr. John P. Moore, until recently general agent of the Louisville & Nashville railroad at Lexington, has now gone to fill an important position with the St. Louis Terminal Railway Association, the Kentucky newspaper boys feel better. They now expect to get across the bridge next year—if they have to walk. Mr. Moore was chairman of the reception committee at Lexington last July, when the Press Association was treated so royally there and we cherish his memory. The Vice President and General manager of the St. Louis Terminal Association, Mr. W. S. McChesney, Jr., is also a former Lexingtonian.

A BELGIAN electrician has invented an electric fan that gives out hot air in large quantities. Necessity has again become the

timely mother, and politicians may now resort to this new invention as a piece of labor saving machinery—in those sections where the labor vote is not too much of a bugaboo.

The magazine edition of the Hopkinsville Kentuckian is out and is a neat 16-page number composed chiefly of illustrated display advertisements. It is the product of a traveling specialist who has not done the sort of work that Editor Mencham and his competent assistants would have put on it had they handled it within their own household.

POLITICAL STATE NEWS.

The announcement by Judge Jas. H. Hazelrigg of his candidacy for United States Senator is said to have somewhat disconcerted the close friends of Gov. Beckham. Judge Hazelrigg's friends claim the balance of power in the Legislature is held by anti-Beckham Democrats.

It is said R. B. Bradley, of Hopkins county, is a candidate for Prison Commissioner to succeed Geo. V. Green, of this county. We are assured that any one will think that invading the inalienable rights of Uncle George and if the thing, alas! stopped we will send a battery of mortar guns down to Madisonville and shell the woods from Pond River to Tyroshopy.—Hopkinsville Messenger.

Hon. R. B. Bradley, representative from Hopkins county, who has been re-elected by a majority of more than 700 in a county that went Republican last year, is a candidate for Prison Commissioner, with bright prospects of success. There will be several candidates for this desirable place, but Mr. Bradley is conceded to be the leading man in the race and it is doubtful if any combination to defeat him can be formed. He stands close to the administration and some of the strongest leaders in the General Assembly will be his warm supporters.—Hopkinsville Kentuckian.

Frankfort, Ky., Nov. 21.—Official returns received from every county in the Eleventh district, with the exception of Knox county, have been received at the offices of Secretary of State, and they give Dr. Godfrey Hunter a majority of 482 over D. C. Edwards in the race for Congress. The unofficial report from Knox county, however, shows Edwards received a majority of 353 votes in that county, thus cutting down Hunter's majority to 129 votes.

Gov. Beckham will be inaugurated on Tuesday, Dec. 8, the fifth Tuesday after election, according to the law governing inaugurations. The ball and attached festivities promise to be unusually brilliant.

Hon. Ell Brown, of Nelson, seems to be the coming man for speaker of the house of representatives. Editor Henry R. Lawrence of Trigg county has withdrawn and says he will support Brown. Mr. Lawrence is an influential member of the Legislature.

Henderson, Ky., Nov. 21.—A. O. Stanley, Congressman from the Second district, spent last night in this city on business, returning to Washington today. Mr. Stanley was asked his opinion of the bill, recently introduced by Ollie James, to regulate the regulation laws of the State, and replied:

"I don't amount to anything; it will never be passed. Guess they just wanted something to talk about up there."

Climatic Cure.
The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient, too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those who use German Syrup. Trial bottles, 25c; regular size, 75c.

Car Works For Henderson.
Henderson, Ky., Nov. 24.—One of the largest and most important developments made concerning the future of this city was closed here this evening at a meeting of the Henderson Business Men, called to consider a proposition made by Messrs. A. L. Jacobs, of Niles, O., and R. H. Mehard, of Cincinnati, for the establishment of a diamond car works at Henderson. The proposition was accepted, and \$100,000 worth of stock was subscribed by those present within a short while after it had been read.

Constipation

And all symptoms and Results of Indigestion

Absolutely removed by the use of

DR. CARLSTEDT'S GERMAN LIVER POWDER

Never retailed if you are not pleased with results, but careful! Beware of cheap imitations.

Mr. E. B. Hackett, a prominent merchant of New York, writes: "I was afflicted with constipation and indigestion, and was prevented from doing my business. I tried many remedies, but failed. I then used Dr. Carlstedt's German Liver Powder, and in a few days I was completely cured. I feel much stronger and more energetic than I have for many months. I will not hesitate to recommend it to all who are afflicted with constipation and indigestion. It is a most valuable remedy, and should be in the medicine chest of every household."

THE AMERICAN PHARMACEUTICAL CO., Evansville, Ind.

WE WANT BOYS in Business

We have started over three thousand boys in various parts of the country in a profitable business on their own account. We want a boy to represent

The Saturday Evening Post

In every town. The work can be done after school hours and on Saturdays. It is pleasant as well as profitable. The magazines are sold among neighbors and friends in offices, stores, as well as at home.

No Money Required to Begin

The first week's supply is sent free. These are sold at five cents a copy and provide the money to order the following week at wholesale prices.

\$225.00 IN EXTRA CASH PRIZES will be distributed among boys who sell five or more copies.

Our Free booklet gives complete information and tells how to succeed by our method.

The Curtis Publishing Co., 1515 Arch Street, Philadelphia

A THOUGHT FOR THE WEEK.

The merchant who thinks he can "get along" without the local newspaper, is right. He can also without sugar in his coffee, paint on his house, or clothes on his back. That is he can exist. But if he will devote a little careful study to the subject of "getting along" with the local newspaper, he will find it the greatest assistant he has ever employed at any price. The subject, however, like any other, should be studied. Don't imagine that any kind of rubbish about your business, that you choose to put in your paper, will of necessity repay the cost. The advice to the beginner at chess—"Never make a move without a well defined object in view"—applies to nothing more completely than to advertising. The statements you make through the paper are only half of the proposition. Before making them be sure you are ready to execute what you promise, and you will find that the newspaper does its part all right.

Might Be Allowable.
Mr. Gompers has warned employers that they must not try to take advantage of dull times to reduce wages. It is possible, however, that in cases in which the employer has no money to pay his men, he will be permitted to close down the factory.—Detroit Free Press.

We Go to School.
(Louis Landrum in Central Record.)
Did you know that nearly one-fourth of the entire population of the United States was attending school? That sounds pretty big, but we have the figures of the federal commissioner of education to prove it. He reports that in the secondary schools of this country there are 1,060,840 pupils. These figures do not include the college and university enrollment. It does not include the medical and law schools. In the common schools alone there are 10,000,000 children, or one-fifth of the population of the United States. There is no country on the face of the earth which can approximate such a state of affairs. There never has been an age in which these figures were approached.

Physicians Prescribe It.
Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine. Sold by Jan. X. Taylor.

Are You Going West.
Beginning September 15th, and continuing every day thereafter until November 30th, there will be a special rate to all points in Washington, Oregon, Idaho, Montana and British Columbia. For maps, rates, routes and other information write at once to Ira F. Schwegel, District Passenger Agent, Wisconsin Central 407 Tracton Bldg., Cincinnati, Ohio.

Who Has Learned?

Will the dear, long-suffering public ever learn wisdom and prudence and become provident? The long period of zero-suffering to which a large portion of the public is subjected annually should teach a lesson, and the people should rise in their might and change the worn, old adage about hay to read:

Get Coal While... The Sun Shines!

If those who do not live on a coal foundation had filled their coal bins and coal houses liberally in the warm weather, when coal and hauling is cheap and the roads good, and had not, like the grasshopper, filled the summer away without providing against the winter's rigors, they would not have had to dance and burn back fences for warmth during the cold snaps and coal shortages of the past few years, which all remember so well.

St. Bernard Coal

mined in Hopkins county, Ky., every day in the year (except Sundays) can be had at any time, but it will get to you more promptly and in better order and at less cost to you, if bought during fair weather. Get wise and barricade against Jack Frost with St. Bernard Coal. Order Now. All Grades: Coke, also, of superior quality for base burning stoves and heating furnaces.

Jas. Crenshaw.

The Hopkinsville Court Martial.

Hopkinsville, Ky., Nov. 24.—The general court martial ordered by Gov. Beckham to be held to try Sgt. Anson Hughes, of Company D, for deserting from the camp at West Point without leave, met here this morning and organized with Capt. Walter Powers, of Madisonville, as president, and Capt. Tolbert Henry, of Morgantown, as judge advocate. The other members of the court are Capt. Denhart, of Bowling Green, and Capt. Welch, of Franklin.

The sessions of the court are private, only relatives of the accused and newspaper men being admitted. There are about a dozen witnesses to be examined and the court will not get through before tonight at the earliest. The verdict will be a sealed one and forwarded to the governor.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure for old and young, I pen you the following: 'A neighbor of mine has a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy test the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby.'

For sale by St. Bernard Drug Store, Lexington, Ky. For sale by J. N. Taylor, Earlington.

Newspaper Change.

W. M. Moss, of Linton, Ind., has purchased the Clarksville Times-Journal. He expects to reach Clarksville in about a week or ten days, at which time he will take active charge of that concern.—Clarksville Daily Chronicle.

Cure Rheumatism in a Day—Treatment Free.

B. B. R. (Botanic Blood Balm) cures the worst and most stubborn cases by draining the poison out of the blood and bones and building up the broken down constitution. Aches and pains in the bones or joints, swollen glands, drooping in the throat, hawking, spitting or bad breath, etc., all disappear promptly and permanently. B. B. R. cures where all else fails. Druggists, B. B. R. Treatment of B. B. R. sent absolutely free, and prepaid by writing to Blood Balm Co., Atlanta, Ga. Describe trouble and free medical advice given. B. B. R. is a new color in your skin and makes the blood redder and more nourishing, stopping all aches and pains. Over 3000 cures by B. B. R.

Out on Strike.

Russellville, Ky., Nov. 24.—The union bricklayers who have been at work on the new Opera House have struck; they ran out of brick and demanded pay for time lost. It is thought that the matter will be settled satisfactorily and that they will return to work.

A Good Name.

From personal experience I testify that DeWitt's Little Blue Pills are unequalled as a liver pill. They are rightly named because they give strength and health to the liver and work with ease.—W. T. Easton, Boone, Tex. Thousands of people are using this little blue pill with preference to all others, because they are so pleasant and effective. They cure biliousness, torpid liver, jaundice, sick headache, constipation, etc. They do not purge and weaken, but cleanse and strengthen. Sold by Jno. X. Taylor.

At the regular meeting of the Chicago City Council it was necessary to have a big detail of police on guard duty. Even then it was impossible to keep order.

Anxious Mothers.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opium or other poisons, it can be safely given. Sold by Jno. X. Taylor.

The argument in the Jim Howard case was postponed till the third day of the January term of the Court of Appeals.

Logan J. Smith, one of the most prominent business men of Owensboro, was found dead in bed.

Fluorate your Bowels With Cascara.

Only Cascara, pure digestion forever. H. C. C. Pills, druggists and mail order.

Richard P. Ernst, of Covington, says he is not a candidate to succeed John W. Yerkes as Republican National Committee man from Kentucky, and says Yerkes will be re-elected.

We have a few of W. D. Cox's popular song books left which we will sell for 10 cents per copy. These books contain quite a number of good songs and are well worth the price. Any one wishing to purchase a copy of the songs can do so at THE BEE office.

Tutt's Pills

stimulate the TORPID LIVER, strengthen the digestive organs, regulate the bowels, and are unequalled as an ANTI-BILIOUS MEDICINE.

In malarial districts their virtues are widely recognized, as they possess the power to cleanse the blood and the system from that poison. Elegantly coated. Take No Substitute.

STRIKERS TROUBLES

Coal Creek Company Taking Its Houses From Union Leaders.

Coal Creek, Tenn., Nov. 24.—The Coal Creek Coal Company got out nine writs of possession against the miners living in the company's houses, who refused to give up the property after judgement had been rendered against them. The writs were served today. These are miners who did not join in the certification and supercedes proceedings issued last week to stop the company from getting possession of its houses.

A Policeman's Testimony.

J. N. Patterson, night policeman of Nashville, la., writes, "Last winter I had a case of my lungs and tried at least a half dozen advertised cough medicines and was without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."

Sold by Jno. X. Taylor.

ENTIRE STATE GUARDS

Invoked to Keep Order Among Striking Miners in Utah.

Salt Lake, Utah, Nov. 24.—Gov. Wells has decided to send the entire National Guard of Utah into the coal mining district of Carbon county, where the miners have been on strike for the past two weeks. The State Guard numbers about 400 men.

How Easy Your Kidneys

Dr. H. B. Hall, of New York, writes: "Add Starlin's Kidney Pills to your medicine."

Eleven men are believed to have been drowned when the French bark Francois Cope was wrecked. Cured of Piles After 40 Years.

Mr. C. Hanes, of Geneva, O., had the piles for 40 years. Doctors and druggists could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. Sold by Jno. X. Taylor.

Four firemen were badly hurt and two men were killed by the falling of a wall during a tent house fire in New York.

Foley's Honey and Tar for coughs and colds; tried and tested, safe and sure. Sold by Jno. X. Taylor.

Henry C. Lydon, vice-president of the Chicago and Great Lakes Dredge and Dock Company, died suddenly of heart failure.

RHEUMATISM CURED AT LAST.

Good News for All Who Suffer With Rheumatism, Free.

To all who suffer with Rheumatism I will gladly send free the wonderful story of how my mother was cured after years of suffering, together with the most elaborate treatise on Rheumatism ever published. No matter what your form of Rheumatism, whether acute, chronic, muscular, inflammatory, deformant, senile, neuralgia, gout, lumbago, etc.—no matter how many doctors have failed in your case—no matter how many so-called "sure cures" you have tried—I want you to write to me and let me tell you how my mother was cured.

I am neither a Doctor nor a Professor—simply a plain man of business—but I have a CURE for Rheumatism, and I want to tell everyone who suffers with Rheumatism all about it. I appeal especially to the "chronically ill" who are weary and discouraged with "doctoring" and who think that they have been cast aside as "incurable."

Send me your address today—a postal card will do—and I will mail you this wonderful story. My address is: VICTOR RATHBORN, 120 W. 12th Street, Room 6, New York, N. Y.

OUR DAWSON LETTER.

Win. Rice has returned from Central City, where he has been on business. Miss Irene Wallace, who has been working in Rockport, Ill., returned home Tuesday. She will leave again at the first of the year for St. Louis.

Dr. R. H. Perry returned from Hopkinsville Thursday from a week visit with his parents.

T. E. Lutz returned from Hopkinsville Friday.

Mrs. Chas. Howell and daughter, Hazel, and Mrs. Joe Clark returned to their homes at White Plains Thursday, after a pleasant visit with relatives and friends here.

Mrs. J. T. Hagby, of Mayfield, Ky., is the guest of relatives and friends here. Mrs. Hagby will be here for some time.

Willie Davis and Luther Holt went to Louisville Friday morning.

Mrs. A. E. Arton returned from Louisville Friday afternoon.

Mrs. and Mr. Bob Mason, and two children and Miss Cardie Phelps left for White Plains Sunday morning to visit friends and relatives.

Mrs. Fred Franklin, of White Plains, returned to her home Sunday, after spending several days at this place with relatives.

John Harlan, of Crabtree, was here Sunday afternoon.

Miss Vera Kirkwood entertained quite a number of her girl and boy friends at her home last Saturday evening.

Miss Nora Riddley, of Carbondale, was the guest of friends here, Saturday and Sunday.

Miss Hazel Bates is quite ill this week.

Mr. H. Hamblitt, of Paducah, was on Sunday for the first time in quite a while, we were all glad to see him.

J. I. Willingham spent a few days near Crabtree last week taking pictures for the World's Fair Exposition.

Elbert McCaslin and Clarence McElroy, of Princeton, were visitors here Sunday and Sunday evening.

Bailey Franklin, of Nortonville, was here Sunday.

Mr. W. B. Randolph, of Claxton, was here Monday on business.

Miss Novella Ramsey of the Summit House entertained a few of her friends at lunch Monday evening.

Robert, Houston, of Charleston, was a caller here Saturday evening.

Mr. John Odum, our telephone manager, went to Princeton Monday on business.

Mrs. Oil Wallace and son, Robert, returned home Sunday from Marion, Ill., where she has been visiting her father, Dr. W. E. Clark for the past month.

THE GREAT SOUTHWEST.

Many Seeking Homes Where Lands are Cheap and Climate is Mild.

Low Rates for Homeseekers and Colonists Twice a Month.

Many farmers in the Northern and Eastern States are selling their high priced lands and locating in the Southwest—in Missouri, Arkansas, Louisiana and Texas. Many who have been unable to own their homes in the older country are buying land at the low prices prevailing in the new country—\$5, \$10, \$15 per acre and up. These lands are mostly cut-over timber lands, some of them possessing a deep, rich soil producing corn, wheat, oats, clover, cotton, fruits and vegetables. Well improved farms are scattered throughout this country. Many places with small clearings and some improvements can be bought very cheap. Our descriptive literature gives a fairly good idea of this country. It tells of the climate, crops, climate, people, schools and churches, water, health. It contains maps showing location of cities, towns, rivers and streams, and gives names and addresses of real estate dealers in the different States.

Reduced rates for homeseekers and colonists are in effect first and second Fridays of each month, by way of St. Louis, Cairo or Memphis and the Cotton Belt Route. Let us send you our literature and quote you rates.

A Novelty in Railroad Education.

The novel project of running a special train from Chicago to New Orleans and return, a distance of nearly 2,000 miles, for the sole benefit of commuters was successfully carried out by the officials of the Illinois Central Railroad last week. Nearly 100 general passenger agents and members of their families were the guests of the Illinois Central during the trip, including musical entertainments in the observation car, being provided by the company. Had anyone undertaken to purchase the service and entertainment provided the cost could not have been far from \$100. The train was, so to speak, an educational tour, the Pullman Company certifying that the new cars furnished were the finest ever manufactured by the company, and the engineers and train crew were the most expert in the employ of the railroad company.

The handling of the affair consists largely in the fact that a few years ago railroad companies strove to keep their passengers ignorant of the knowledge of conditions along their lines of railroad. Excluding the Pullman dining features, the main purpose of the Illinois Central expedition was to educate competing lines and to acquaint the public with the facilities possessed by that company, and the possibilities which the Illinois Central will be able to furnish. Although progressive men, the general passenger agents who were on the train were not slow to learn that the Illinois Central now practically has a double track system all the way between Chicago and New Orleans and a rock ballasted roadbed with fine grades and curves, which is capable of accommodating an enormous volume of traffic. They were also surprised at the phenomenal commercial and industrial awakening which the South is experiencing, and they will spread the news regarding both facts for years to come.

In doing this they will be advertising the South most effectively and promoting travel there from every quarter of the country. Naturally, the Illinois Central will not benefit of this, for, in short, it has recruited a force of 100 live advertising agents from among the ranks of its active competitors. Under railroad methods in vogue prior to the era of "commuters" such an undertaking would have been called an audacious—Editorial, Chicago Record-Herald, Oct. 29, 1903.

Church Directory.

CHRISTIAN CHURCH.—Sunday-school at 9:30 a. m. Preaching every Lord's day at 10:30 a. m. and 7:30 p. m. Prayer meeting every Wednesday at 7:30 p. m. R. J. JENNETT, Pastor.

M. E. CHURCH.—Regular services third Sunday at 11 a. m. and 7:30 p. m. Prayer meeting Wednesday evening at 7:30 p. m. Sunday school at 9:30 a. m. Prayer meeting, Thursday evening at 7:30 o'clock. Epworth League, every Sunday evening at 6:30. Also one literary meeting each week with house member. The Woman's Missionary Society Saturday afternoon before first Sunday.

MISSIONARY BAPTIST CHURCH.—Services Saturday before the second and third Sundays at 11 a. m. and 7:30 p. m. Church meeting Saturday night before third Sunday. Sunday school at 9:30 a. m. Prayer meeting every Monday night at 7:30.

Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 35c; regular size, 75c.

HON. JAS. D. HEADLEY

Respected Citizen of Providence Dead at Ninety Years.

Providence, Ky., Nov. 24.—The Hon. James D. Headley, one of the best known citizens of the county, died at his residence, in this place, of pneumonia, after an illness of only a few days.

Mr. Headley was ninety years old, and had until recently retained his faculties to a remarkable degree, even reading without glasses.

REAR END COLLISION

On I. C. Near Princeton—Conductor and Flagman Badly Injured—Flagman Will Die.

A rear end collision occurred on the Illinois Central Railroad between Princeton and Scottsburg yesterday, in which the flagman, Brown, was badly injured and Conductor Keith was cut about the face and head. It seems that Keith's train was in the siding at Cedar Bluffs for 1st 54 to pass and had just pulled out on the main track when 2nd 54 ran into their rear, badly injuring the flagman and cutting a serious gash in the head of Conductor Keith. The wounded men were taken to Dawson where their wounds were dressed and then sent to their homes in Paducah. It is thought flagman Brown will not recover.

Ten of the large buildings on the Philippine section at the World's Fair are under construction. The supervising architect says that all will be under roof before Dec. 1.

It is stated that the managing editor of the London Mail is only 28 years old and receives a salary of \$125,000 a year. A few years ago, it is added, he was a printer at the case; then he became a reporter and has been advanced until he is the highest salaried journalist in the world.

Much fruit is in coal storage at Houston for the Texas fruit exhibit at the World's Fair. Among the fruit are Ponderosa lemons larger than Rocky Ford lemons. Some of these specimens weigh as much as two pounds.

It.

You will be satisfied with the meat you receive from this shop.

BOOK COVERS.

All of the Cloth For Them Is Made From Cotton Fabric.

All of the cloth used in the binding of books is made from the finest kind of cotton. Some of it looks exactly like leather. Other styles have an appearance of the finest kind of silk, while others have various sorts of finishes that look like leather, canvas, watered silk and a thousand different designs.

When the cloth comes from the mills it is treated in various ways to prepare it for the dyeing process, which is the most important. Different kinds of dyes are used in the different grades, and after this is done it is ready for the dyeing machine.

These are really the same sort of machines that calico is made on. They are built of great steel rolls or cylinders that are heated to a high temperature by means of live steam passing through them constantly. The cloth passes through boxes filled with the dyes, and the color that is expected to be colored with. This is mixed with a starch paste and is spread evenly all through the cloth.

The latter then continues through the steam heated cans and is finally rolled up at the back of the machine in a heavy roll of the desired color. The different finishes are given in a second process. The cloth is passed through very heavy and massive steel rolls which have been engraved with the design that is wanted. Fine lines running diagonally across the cloth will give a silk effect, and there are many other impressions that can be stamped on in this way. Springfield Union.

Natal Encouragement.

Admiral Watson always prohibited swearing on the vessel where he happened to be and if any lawless officer enforced an order from him with a whip or a cane he was called upon for a private interview with his superior. But another matter in his squadron troubled the admiral. It was the matter of discipline, and yet his men were sometimes the last to finish the execution of a command to carry out a maneuver. One day when the admiral was belated in getting down from the rigging he called a captain to him.

"Why is it," he asked, "that here on the flagship, where you ought to be the quickest, the men are behind the other ships?"

While the officer was seeking for an indifferent reply a voice came floating across the water from the captain of the nearest ship.

"Well, you see, admiral, our men don't get the right kind of encouragement, sir."—Exchange.

Ireland's Wonderful Linen.

Whether or not Ireland is the finest country in the world for growing flax, it is beyond dispute the finest in the world for bleaching linen. The flax, which requires from six to eight weeks, according to the nature and weight of the fabric. Nowhere else can the same white finished fabric be turned out to rival the Irish bleach. France, Belgium, Germany and the United States have all entered into competition and without success. The quality of the water, the climate and the inherited experience of the Irish bleachers must all contribute to their success. There has been abundant practical demonstration that Ireland now occupies and has always occupied the first place in the whole world for bleaching and finishing linen.

His National Grandmother.

A devoted father after a day's absence was met by his two little sons.

"Have you been good boys?"

"Sure."

"Have you been good boys?"

"No, papa; I called grandma a bad word." said five-year-old, turning away.

"Is it possible? What did you call your grandmother?"

"I called her a human being."

"The father, with mighty effort, maintained his gravity and closed the scene decorously. 'I must forgive you for once, but remember that if you call your grandmother a human being again I shall have to spank you.'"

Boston Budget.

Did as He Promised.

During the civil war there was one conscription fink who made thousands of dollars before the authorities restrained him. This rascal would send letters broadcast, wherein he said he would communicate for \$2 a sure means of escaping the conscription.

Letters inluding two dollar notes poured in on him, and in reply to each letter he would send a printed slip reading, "Join the nearest volunteer regiment."

She Was There.

"Mamma," said little Frances, "I dreamed of you last night. We were all sitting in the parlor, and you began to scold me."

"What did I say, Frances?" asked mamma.

"Why, you ought to know, mamma," replied Frances, with some astonishment. "You were there,"—Judge.

Precocious In Spots.

Bobby—Do I have to go to school, mother?

Mother—Of course, Bobby.

Bobby—Why, mother, I heard you tell father last night that I knew entirely too much.—Detroit Free Press.

Figures It Out.

Jok—When may a knothole be said to be not whole?

Folk—What are you talking about?

Jok—The answer is: When only a part of the knot is not.—Philadelphia Press.

In the hands of an angel.

A harp in the hands of an angel.—Martin Luther.

VIRTUE OF WATER.

Good Thing to Use in Keeping the Stomach Clean.

The habits of people in general do not seem to have taken into consideration the average individual's limitations as to knowledge and thought. The fact is that most people don't know, don't read more science, think more sensibly and act more seriously, then their bodies will be more satisfactory.

The climate of the country, the stomach or vat in which foods and liquids are received and mixed, is habitually converted by many persons into a chemical retort for all sorts of drugs and remedies with the view of reaching and relieving the ills of the various organs of the body, from the head down to the feet.

The writer believes that he can give no more and better reasons for his confidence in the therapeutic value of this simple remedy than the physical claims, but he wishes to emphasize here the transcendent element of common sense in their administration. Before and after the use of water, which is wanted in a clean gastric intestinal canal, and his claim is that water properly used is the best agent to effect that chemical retort for all sorts of drugs and remedies. The eliminative tissues and organs of the system—the kidneys, mucous membrane and skin. What therapeutic agent properly used is better than water? After all the insalubrious and eliminative organs and tissues have been thoroughly cleaned with pure, not water, then, if it is still necessary to administer a chemical agent, one may be selected that will, with these organs and tissues in better condition, work wonders. If you are so foolish as to allow yourself to become foul from head to foot, cleanse yourself with water, and according to chemicalists—Health.

FANCIES OF STUDENTS.

The Young Medicine Who Thought It Was Doomed to Paralysis.

"In the first year or two a man studies medicine," said a young physician, "he has every disease he learns about. In my day we had a man among us who felt sure he was going to be paralyzed. He was healthy as the next man, but that seemed to him to make his disease more hideous. He used to sit with his arms crossed and his feet tucked up to his knees to see if his reflexes were all right. Every time he failed to lift the right foot he would look down at it and say, 'That's my fate.'"

"Boys, this is awful."

"He used to stand up, put his heels together and shut his eyes to see if he could sit with his arms crossed and his feet tucked up to his knees to see if his reflexes were all right. Every time he failed to lift the right foot he would look down at it and say, 'That's my fate.'"

"Boys, this is awful."

POSTAGE STAMPS.

The Waste Ones Not Uncle Sam Over a Million a Year.

An experienced clerk in a branch post office says that Uncle Sam is in pocket every year more than \$1,000,000 by purchase of postage stamps which never are used.

"How many stamps," he says, "do you lose through carrying them carelessly in your pockets and fishing them out again along together and useless? How many do you put in a corner of your pocketbook, finding them again months later looking like anything but postage stamps? Of course nobody ever thinks of sending such stamps in for redemption. Sending the waste is an expending of averaged 20 cents annually for each business man. The total would be enormous.

"Hot weather was a great revenue maker for the government before the little old book came in; but many persons lose their books, and the average is about the same. Some persons actually come back to the stamp window and ask if lost stamp books can be traced, like bank books. Another way in which Uncle Sam gains is through tradersmen sending out letters holding stamped addressed envelopes for replies, which in the majority of cases are never used.

"Some business houses collect such envelopes and redeem them, but few take the trouble to do this. Think of the thousands of return postal cards that are never used. Lots of letters are carelessly of putting stamps on letters or papers, and they fall off. Then the matter is held up for double postage and the other is better off.

"A great many persons put on too much postage. They slap two two-cent stamps on a letter that would have gone for 2 cents. It is amazing how little information usually well informed persons have about different classes of mail matter. The pay is, too, and pay well. The bounty of our postal system is that the government gets the benefit of all mistakes."—New York Press.

GETTING TO SLEEP.

Some Facts About the Art of Winning Peaceful Slumber.

All conditions must be favorable to sleep. The bedroom should be quiet and airy. In winter it is better to have the window away up than to shut it so that a knife edged draft shall cut an exposed sleeper. The temperature should be about 65 degrees.

"A great many persons put on too much postage. They slap two two-cent stamps on a letter that would have gone for 2 cents. It is amazing how little information usually well informed persons have about different classes of mail matter. The pay is, too, and pay well. The bounty of our postal system is that the government gets the benefit of all mistakes."—New York Press.

MINING NOTES.

The importations of coal into the United States during the first nine months of the present year have amounted to 2,687,081 tons against 1,546,112 tons in the corresponding months of 1902—an increase of 1,140,969 tons. This increase is chiefly in coal from the United Kingdom. From other countries the imports were extremely small, Japan leading after the United Kingdom with 50,784 tons.

Henry Magenheimer who has been working for the Carbondale Coal Co., is now working at the Daniel Boone mine near Dawson Springs.

Coal was used by the Romans in the time of the Caesars, and in 1294 Henry III. granted a license to dig coal in Newcastle, but it was not commonly used in London until 1600. Anthracite coal was first used by an American, a blacksmith named Gore, in Connecticut in 1768.

Parties at Havesville, Ky., who are interested in coal and clays will soon make an effort to get a roof the factory located at that place. Clays which abound in that section were tested last week and were found to be satisfactory for tiling purposes.

The National Coal & Oil Co., whose mine is located at Sturgis, Ky., is preparing to install a modern electrical plant by which all the motive power required about their mine will be supplied. The light both above and underground will be thus supplied, and as soon as possible the mining will also be done by electricity.

The company that has been prospecting for coal in the vicinity of Waverly in Webster county for some time past struck a few foot vein of coal last week. Their shaft is gradually being worked out and it is expected that they will be ready to make shipments in a short time.

In Carbon county, Utah, Sheriff Wilcox has appealed to Gov. Wells to call out the state troops to protect the coal mine districts of his county which are included in the recent strike which was called by the United Mine Workers of America.

Victoria Mines is having the ravine dammed up at the left of the mines to make a lake for their water supply. The lake will be 311 feet long and will cover about three acres. It will make a fine body of water and an everlasting supply is assured.

Mr. Walter Hite, who lives near this city, has accepted a position as watchman at the Daniel Boone mine, near Dawson Springs.

For the first two weeks of the present month the pay rolls of the three principal coal mining companies of the Pittsburgh district aggregated \$900,000.

L. H. Franklin, a Minneapolis man, claims to have discovered a plan to save at least one-third of his hard coal consumption by burning ashes saturated with water. On the very face of it the plan hardly seems feasible, but Mr. Franklin claims that he has made several successful demonstrations and in all instances the heat produced from this method has been more intense than that of fresh hard coal.

Estimate sold. Bowles with Cascares. Only 50 cents. See consumption from 100 lbs. If C. C. G. fail, druggists refund money.

Whistler and Disraeli.

Whistler once came very near to painting a portrait of Disraeli. He had the commission. He went down to the country where Disraeli was, but the great man did not manage to get into the mood. Whistler went away disappointed, and shortly afterward took place a meeting in Whitehall which was the occasion of a well known story. Disraeli put his arm round Whistler for a little way on the street, bringing from the artist the exclamation, "If only my creditors could see!"

One or the Other.

"Geewhizz," exclaimed the nervy clerk, "I haven't a chance, and my elargement has gone out."

"Well," replied the polite young woman, who could stand it no longer, "you would have had it if it hadn't."—Catholic Standard and Times.

The Test.

Mrs. Muggs—That horrid Mrs. Frills told Mrs. Nextdoor that I was a regular cat. What do you think of that?"

Mr. Muggs—I think she never was in the same room with a mouse—Answers.

Don't misjudge a serious face for a mean one. Remember your fox wears what seems to be a smile.—Schoolmaster.

Alfred.

\$7.50

Jackets with loose back, collarless, all shades, sizes and the new large sleeves.

ACCIDENTS DECREASE

Quarterly Report of Interstate Commerce Commission.

RAILROADS ARE BETTER EQUIPPED.

The accident bulletin just issued by the Interstate commerce commission covers the railroad accidents in the United States for the three months ending June 30, and also completes the statistics of accidents for the fiscal year. As compared with the preceding quarter, the accidents reported show a decrease, the number of killed in train accidents being 230 and the number injured 2829, as against 300 and 2834, respectively, in the preceding quarter. Other kinds of accidents to employees and passengers not the result of collision or derailment bring the total number of casualties up to 12,306, as against 12,808 in the preceding quarter; the total number of persons killed, however, being three less than in the preceding quarter.

The total number of employees killed in coupling and uncoupling cars during the quarter was 62, being 14 less than in the preceding quarter. The total number of collisions and derailments was 2005, of which 1406 were collisions and 1202 derailments, and of these 201 collisions and 128 derailments affected passenger trains. The damage to cars, engines and roadways by these accidents amounted to \$2,476,934.

As compared with the preceding year, the bulletin discloses a large increase in the number of casualties. There were 3554 persons killed and 45971 injured during the year, as against 2810 killed and 39800 injured during the year preceding. This large increase is partially explained by the large increase in railroad traffic that has taken place during the last year, and the fact that there were more men at risk. The number of men employed in train service June 30, 1904, was 12 per cent greater than on June 30, 1903. There is also a good explanation of the increase to be found in the fact that the Interstate commerce commission has been persistent in its insistence on full reports of all accidents from all railroads during the past year, and therefore accidents are much more fully reported at the present time than they were in past years.

The Rev. I. R. Hicks 1904 Almanac.
The Rev. I. R. Hicks Almanac for 1904 is now ready. It will be mailed to any address for 30 cents. It is surprising how such an elegant, costly room can be sent prepaid so cheaply. No family or person is prepared to study the almanac of the storms and weather in 1904, without this wonderful Hicks' Almanac and Prof. Hicks' splendid paper, Word and Works. Both are sent for only 15 cents. Word and Works is among the best American magazines. Like the Hicks' Almanac, it is so well known to need commendation. Few men have been more faithfully for the public good or found a warmer place in the hearts of the people. Send orders to Word and Works Publishing Co., 221 Locust St., St. Louis, Mo.

To Raise Pecans in Kentucky.

Pecan culture is beginning to attract attention in this section. The possibilities of the business as an investment for the future have dawned upon several people in Paducah, who are preparing to take time by the forelock and plant pecan orchards. Several steps have already been taken by at least one man. Saunders A. Fowler has purchased a tract of land along Clark's river a few miles from the city, and has purchased several hundred pecan cuttings from the celebrated orchards at Murfreesboro, Ga. He will also put out saplings of native pecans, and will try grafting several varieties with a view to getting the very best results.

NEBO NOTES.

Mr. Edgar Melton and Miss Nellie Rice of Providence spent Sunday with Miss Jane King.

Mrs. Carrie Hoffman spent last week in Providence visiting her brothers, Will and Nat Langley.

Mr. Jim Bassett of Providence was over visiting Mr. L. J. Rodgers Sunday.

Miss Elah received lots of nice presents. All had a good time.

W. D. Col purchased a right of way from Alfred Corbin, Frank Harlin, John Ramsey, G. A. Eudaley, and E. D. Cox and commenced his train road Monday. He wants to be shipping coal by Christmas.

Sixty employees of a cooperage factory at Paducah on a strike.

COLORED COLUMN

EDITED BY J. H. GOUGH.

The following gentlemen subscribed for THE BEE last week: Jake Johnson, Hishop Smith, Will Drake, James Treatice, James Childers, John Edwards. Oh, come, everyone that is not subscribing and do likewise.

Get up your news for the colored column. Let us have it by Monday.

Don't forget the big rally at the Zion church Sunday. Rev. H. B. Hendrick and Gough will exchange pulpits on that day.

Big rally at Mt. Zion Baptist church Sunday. The three Majors brothers, L. C. C. N. and P. S. Majors, will do the preaching. This is a great spike time. Every person ought to see them pull the great Gospel wagon Sunday.

Spencer Finley, of Providence, Ky., died suddenly last week. It is said he was worth \$2,500. He recently bought ten lots and had just fenced them.

Will Finley, of Earlington, attending his uncle's funeral at Providence and returned home Friday.

Born, to Mr. and Mrs. Sam Eaves, a boy, weighing eight pounds at birth. Mother and child both are doing well.

Mrs. Epps returned from Schree, Ky., where she had gone for her health.

Mrs. Sally Waters, of Henderson, Ky., is visiting her mother, Mrs. Hines.

Moss Groves is improving considerably.

Quie Brown is much better this week.

Mrs. Ben Watkins is on the sick list and has been confined to her bed for two weeks.

Mrs. Ford, of Hecla, departed this life Saturday noon at about 70. Rev. H. H. Gordon attended the funeral.

Born, to Mr. and Mrs. Louis Edwards, a fine girl, Sunday, Nov. 23. Mother and child are doing well.

Mrs. Harry Ray's baby is yet improving.

Mrs. Gladdish entertained Mesdames L. H. Edmondson, Fowler, Moore and Rogers Sunday.

W. M. Merrillweather is on the sick list.

Ras Mason, who has been on the sick list for several days, has recovered sufficiently to be out again.

Miss Eunice Hobson, of Mortons Gap, is the guest of Miss Hattie Ausborn.

He Could Hardly Get Up.

P. H. Duffy, of Ashland, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure, and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down."

Sold by Jno. X. Taylor.

The grand jury dismissed Charles Lemmon, who was charged with despoiling Mrs. Ada Stewart in the Normandy Hotel at Louisville.

Great Opportunity

Afforded the prospecter, home seeker or tourist, account of the very low Colonist and Home Seeker rates to points in Arkansas, Texas, Indian and Oklahoma Territories, Missouri, Kansas, Nebraska, Colorado and the great Western States, via Missouri Pacific Railway or Iron Mountain Route, from St. Louis or Memphis. Personally conducted Pullman Tourist sleepers to California; free reclining chair cars. For rates, map folders, descriptive literature, free consult nearest ticket agent, or address R. T. G. MATTHEWS, Room 272 Equitable Bldg., Louisville, Ky.

"Human Hearts."

So strong an impression did "Human Hearts" make upon a prominent clergyman in New York, that he wrote to the gentleman impersonating Tom Logan, vigorously endorsing the play and informing him of his intention of trotting all the orphans of a local asylum out at his expense to see it. And he did.

"You cannot conceive," said Manager Naukeville, "of the appreciation of those youngsters at the change of sermon thus afforded them, unless you had listened to that gallery the day they attended. With the 'gods present,' he continued, 'as often as I have myself enjoyed sitting through it, it was enjoyable as a box of monkeys sprinkled over with tears. Quite often since, have city schools whose principals were aware of the great merit in the play, been given a half holiday, that the youngsters might enjoy a matinee, and what out-spoken critics the tots have been! You can't get a favorable criticism or a padded eulogy for love of money from a juvenile. You must give him the goods or he denounces you broadcast, and I am really grateful to the lots of America for their appreciation of what all now agree to be one of the best American plays."

"Human Hearts" comes to the Temple Theater soon.

JUST WHAT YOU NEED.

Chamberlain's Stomach and Liver Tablets.

When you feel dull after eating. When you have no appetite. When you have a bad taste in the mouth.

When your liver is torpid. When your bowels are constipated. When you have a headache. When you feel bilious.
